COMMITTEE MEETINGS

12:15

All committees meet in Room 104

The committee meeting space will be available until 2:00

1:15-1:30

Modeling and Monitoring Committees Board Bus for Boyds Mill Pond Boat Tour

5:00

Boyds Mill Pond Bus Returns to TD Convention Center

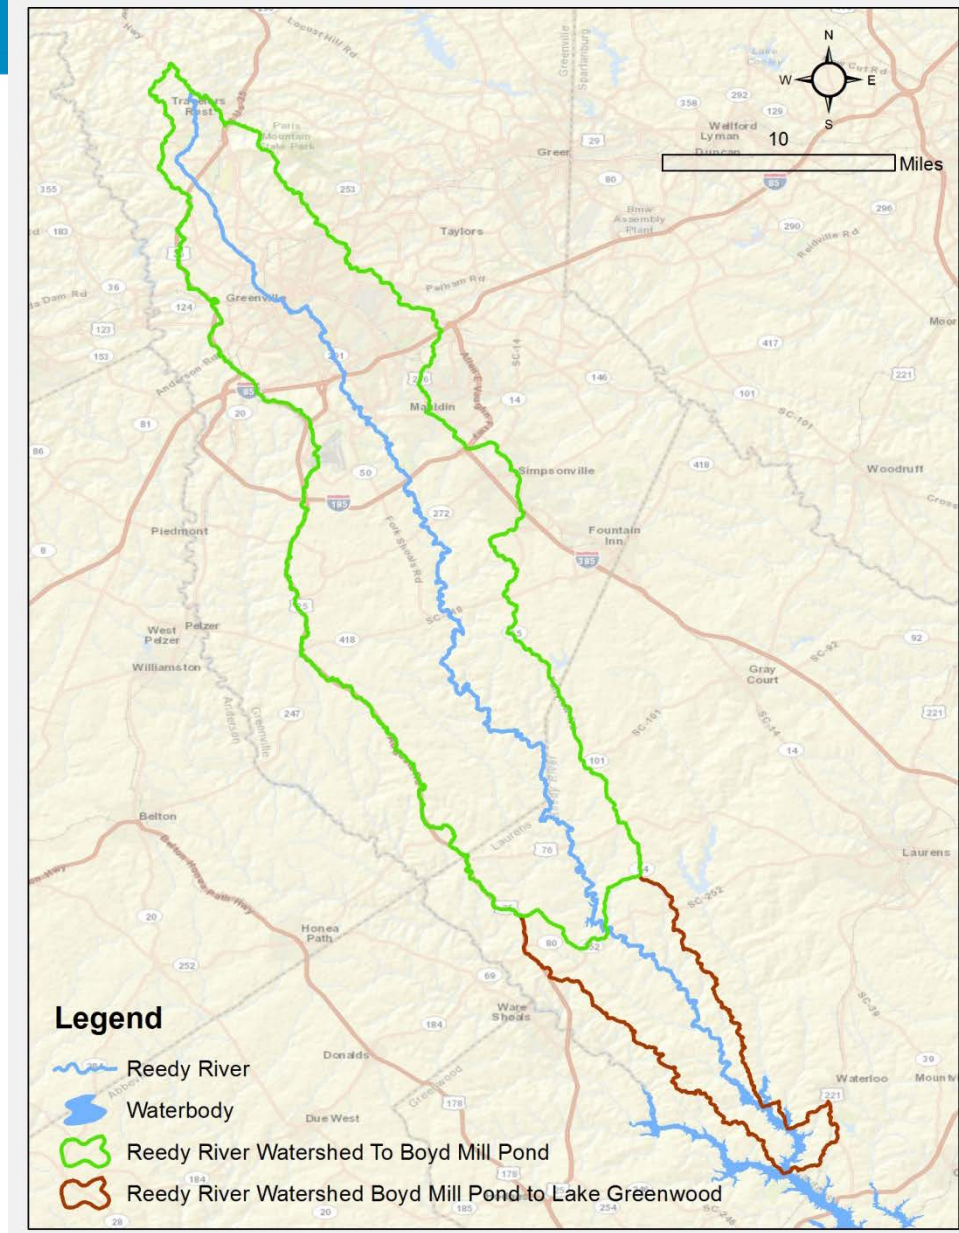

Reedy River Water Quality Group

Mission Statement:

Protect, preserve, and improve water quality
in the Boyd Mill Pond Watershed via a 5R
Watershed Based Plan for
Total Nitrogen and Watershed Based Plan
for Total Phosphorous.

Reedy River Water Quality Group

Goal for Today

- ✓ Reaffirm enduring support on the incremental steps to achieve the most efficient, equitable, effective Watershed Based Plans
- ✓ Provide an update on progress and path forward

Rules of Engagement

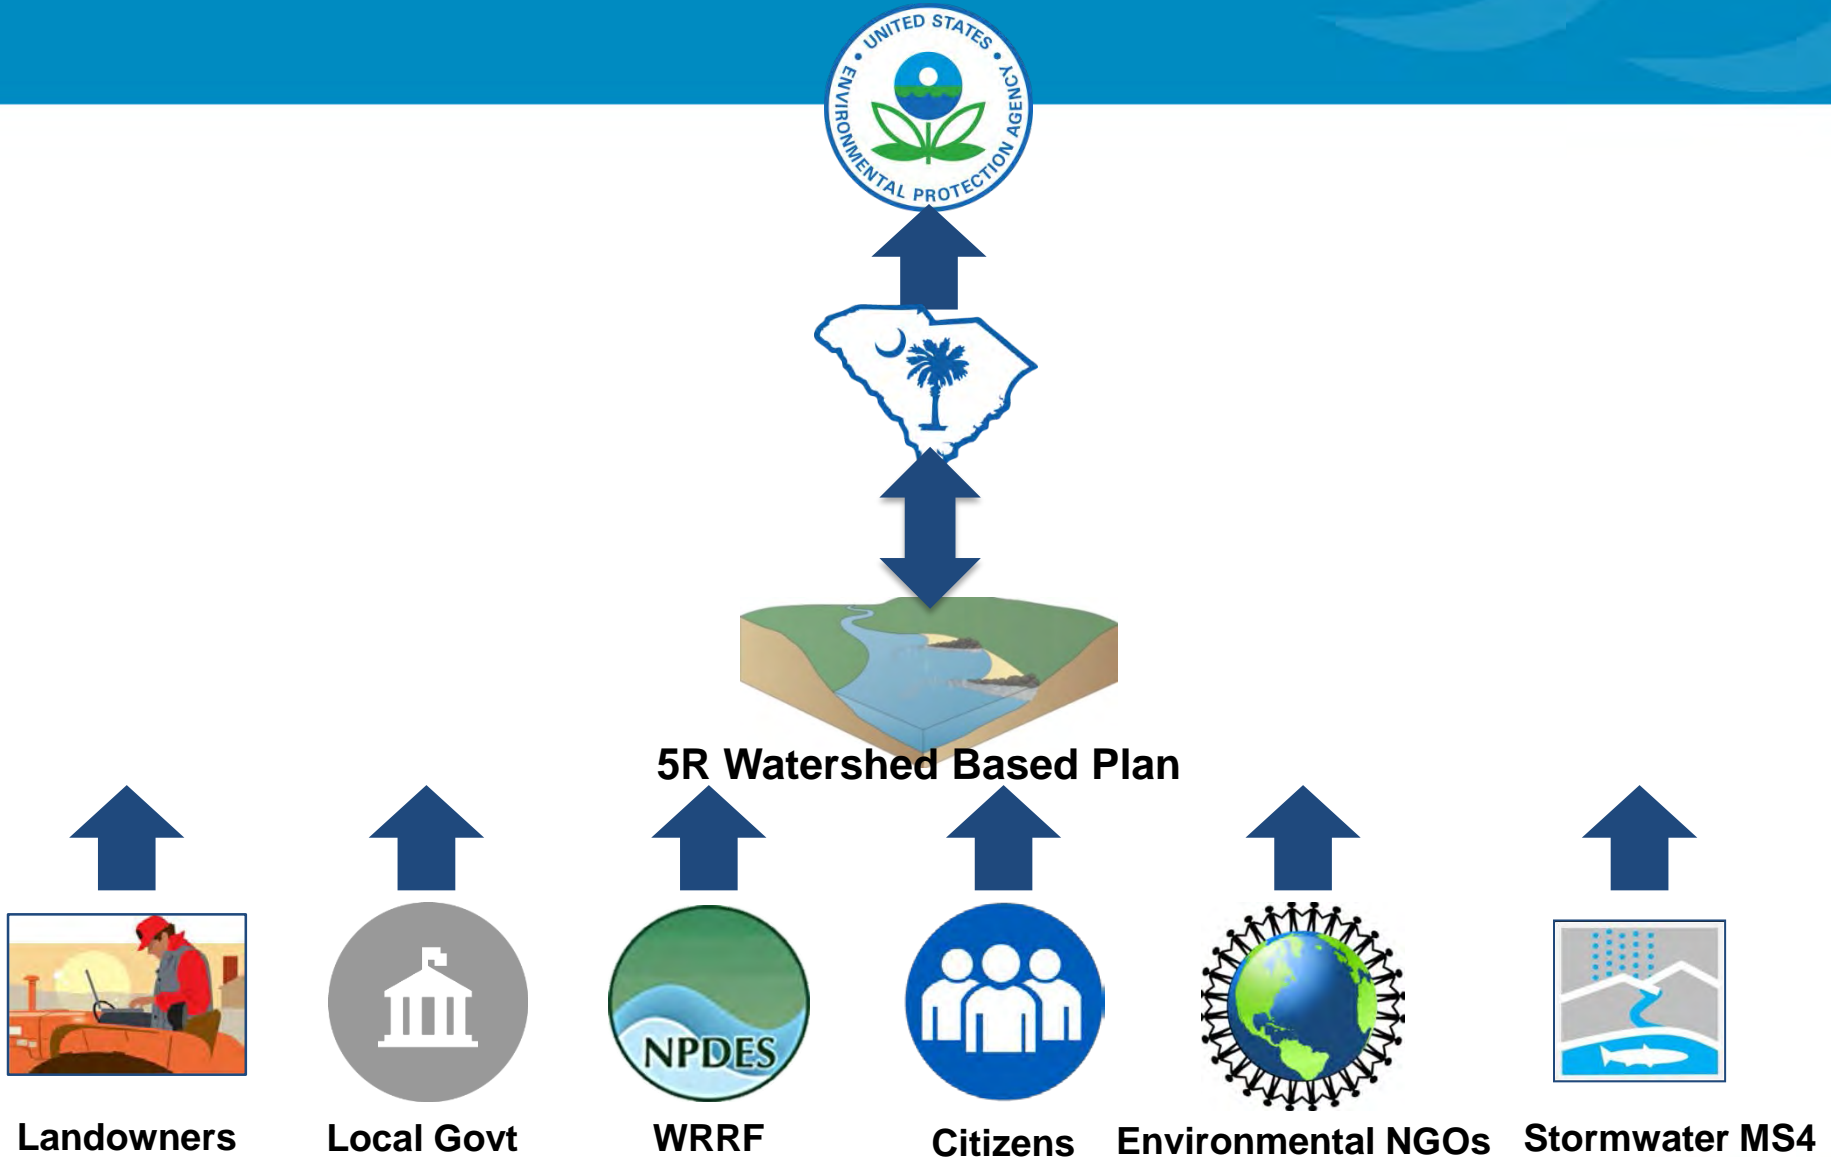

- Only designated participants may discuss
- Raise tent card to be recognized
- Be respectful of others' time and views
- Chatham House rules: no attribution
- Preserve fairness
- Keep program goal foremost, ahead of individuals needs

Introductions

- Name
- Organization
- Your participation and interests in the Reedy River Water Quality Group
- Recognize observers from your organization

5R and Watershed Based Plan Concepts

Bottom-up 5R Approach

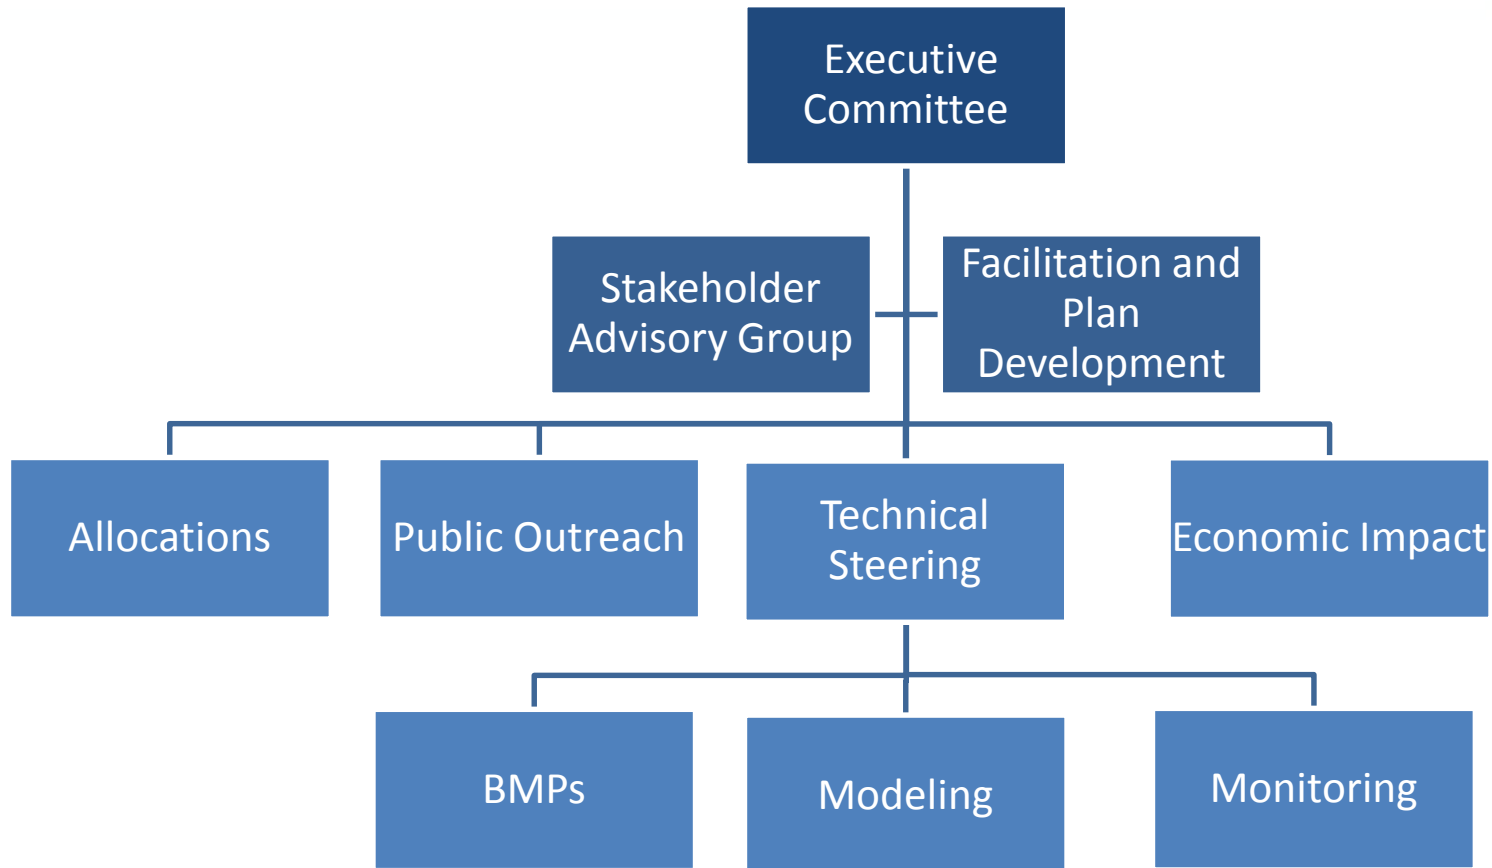

Concepts Behind 5R

- 
1. Recognize and encourage local watershed restoration efforts
 2. Builds partnerships and encourages collaboration
 3. Empowers those with a responsibility to reduce loading and decide how WQS will be achieved
 4. Acquire practical information for water quality advancements
 5. Expedites implementation of watershed restoration

Result – Components of the Plans

- 1 Description of waterbody and statement of the problems causing the impairment (point and non-point sources)
- 2 Anticipated pollutant load reductions necessary to meet water quality standards
- 3 Water quality restoration activities expected to achieve WQS
- 4 Cost estimates and funding commitments
- 5 Anticipated schedule for implementing each activity and expected completion date
- 6 Monitoring plan to track effectiveness of restoration activities
- 7 Estimated date for achieving WQS
